Council President Register introduced Resolution 71-2021 (Temporary Moratorium on Cargo Container and Tiny Houses). City Attorney Joel Smith explained that this moratorium is for cargo containers and tiny homes that are less than 500 square foot living structure that can be pre-fab or built on a lot. The issue is relative to the tiny homes that applicants are now requesting permits to build. Tiny homes are not strictly prohibited or permitted by a zoning ordinance, but they impact property values, expectations in neighborhoods, etc. Additional concerns pertain to the safety of these types of homes, how they fit into the building code, etc. This moratorium will authorize six months for the review of a zoning ordinance(s) and place a hold on the issuance of permits for tiny homes as well as cargo containers. Mr. Brown asked if any additional requests for permits of tiny homes would be received. City Attorney Smith responded that applications would not be accepted for six months to allow an assessment of the concerns about the safety, property values, etc., of these structures. Another concern is the placement of these structures with an existing structure on personal property. Mr. Garrison offered a motion to adopt Resolution 71-2021 (Temporary Moratorium on Cargo Container and Tiny Houses). Mr. Robinson seconded the motion. After a voice vote, Council President Register announced that Resolution 71-2021 was adopted.
